

Delegate RSC Report
September 14, 2022

Greetings CCR Family,

World Service Conference 2023

The proposed motions Central California Region submitted to the World Service Conference Committee to be placed in the CAR (Conference Agenda Report) has been received for review by the committee. If the replies we get from the WSC Committee require changes to the motions, we will need to hold an electronic assembly to re-approve the changes. New guidelines have been recently established to write motions and some changes may consist of underlining and color change to wording. To view the proposed motions, click on [WRCNFG](#) website.

The Serenity Connection

The September 2022 edition of the Serenity Connection Newsletter is now available on [Nar-Anon.org](#). More information can be found on the page on how to subscribe to the newsletter or share your story and submit it. Once approved and placed in the newsletter, writings are considered CAL (Conference Approved Literature) and can be read in the meetings.

CCR Subcommittee Meeting Changes

The Outreach and the Convention Subcommittees are now back-to-back meetings, sharing the hour time on the last Tuesday of the month. The virtual platform has changed from FreeConferenceCall to the CCR Shared Zoom account. For more details, view the calendar on the right-hand side of the [Central California Region](#) home page.

Any questions, please feel free to reach out
In gratitude,
