

Delegate Report

October 2021

Greetings Central California Region,

Bulletin 004 - On May 3, 2021, at the World Service Conference, a motion was made requesting Nar-Anon Family Group Headquarters, Inc. to consult with an attorney whether the language in the GWS prohibits "screen sharing." *Bulletin 004 – WSC Legal Review Request on Screen Sharing* offers the responses from the Board of Trustees and the For Purpose Law Group. To sum it up, screen sharing is not allowed unless specific permission from the Nar-Anon Family Groups, Inc grants it. The BoT cannot give this permission without specific authority being given by the Nar-Anon Family Groups. (See Bulletin 4)

Following the WSC, members from the CCR joined with members from other regions to form a committee focused on the needs of the groups with screen sharing and electronic literature. The committee is writing motions for the 2023 World Service Conference. The committee also sent a list of 18 questions to the Board of Trustees seeking clarification on the issues.

BoT Round Table - The Board of Trustees offered the opportunity for all members to send in questions to be answered at a Round Table that was held on Sunday, September 26, 2021. There were up to 70 participants including 6 out of 7 BoT members present. Questions were geared towards trying to understand Bulletin 3 & 4, electronic sales, printing contracts, policy changes and more. The BoT read 35 questions from the members. The answers given were simple and just scratching the surface. There was not enough time to get follow-up on some questions that were raised from the answers. (See Q & A from BoT Round Table) A recording of the event is available. Please send request to: Delegate@naranoncentralca.org

New Literature on Nar-Anon.org
