- ***Screen Sharing Survey***

A Screen Sharing ad hoc committee formed by the Board of Trustees requested the group to gather information and submit a report on screen sharing Conference Approved Literature. A quick, simple, online survey was born. The intent of the survey is for all Nar-Anon members to have a voice and share the desires of the fellowship back to the BoT. One survey per member please, even if you attend several groups. Base your answers on the group considered to be your home group. Deadline is April 30, 2022. To participate, click link <https://tinyurl.com/ScreenShare2022>

- ***Virtual WSC***

The invitation for the 2023 World Service Conference did not include the option of a virtual WSC. Many regions are sharing their voice by sending a letter to the World Service Conference Committee and/or the Board of Trustees regarding the desire for the conference to be virtual. The Western Regions Convention Committee, comprised of 5 worldwide regions, wrote and shared the “white paper” to the BoT and to the World Representatives (previously Delegate) Forum NFG to pass on to the delegates to share with their regions. The purpose of the white paper 4 is to explore the advantages and disadvantages of offering a virtual option for each WSC. Also, posted on the website for the 2023 WSC are the Floor Motions carried over from 2021 and the current Proposed Conference Agenda Report (CAR) Motions. RSC Delegate Report
April 13 2022

Member Concerns

Concept 11

“In 2021 the World Service Conference (WSC) was virtual. A few members went to Torrance, CA to host the WSC. This included the WSC Facilitator, the Parliamentarian, and the two WSC Secretaries. The Board of Trustees, Delegates, Alternate Delegates, support team, and visitors attended remotely via Zoom.

During the 2021 WSC the voting members approved a motion to always provide a virtual option for future WSC events. The vote was unanimously in favor, with a couple abstentions. Following the 2021 WSC the WSC planning committee created a proposal for the 2023 WSC and recommended to the Board of Trustees that the 2023 WSC allow for remote participation.

Based on this information, I suggested the Central California Region (CCR) review the 2022 budget and not budget funds for an in-person WSC, and instead give those funds directly to the support of the WSO. This approach was adopted by both the RSC and the Assembly.

According to the 2023 WSC Invitation memorandum dated March 1, 2022, the 2023 WSC will be held in-person in Torrance, CA. The exact amount the region will need to pay for our Delegate to go is not yet determined, but the prices for the hotel, travel, and meals have all gone up since the contract with the hotel was signed in 2019. In the 2021 CCR Adopted Budget, \$1,250 per year was budgeted for equalized expense and incidentals for an estimated total of \$2,500 to send each delegate to the WSC.

I suggest the CCR RSC discuss this topic in our April meeting.

I believe we might want to take a recommendation to the July Assembly to revise our 2022 budget.

Do we want to switch back to saving money for the 2023 WSC instead of increasing our contribution to WSO? Or do we want to continue an increased contribution to WSO and also set aside funds for the 2023 WSC?”

Responsible or Control?

“The meeting after the meeting continued for about 20 minutes today and I said I needed to go. Another member offered to take over as host, but I said we do not do that in our region. Personally, I think that if it is our Zoom room, then we have a responsibility to monitor what goes on in the room. I do not want to find out our room was used to express harmful words toward other members. I have seen it happen before in other groups where I was a guest. When I had the key to the physical room, it was my responsibility to be sure the room was closed and locked before I left. I think of Zoom in the same way.”
