

RSC Delegate Report
July 12, 2023

Questions or Concerns

Our Regional Assembly is in a few weeks, July 22, 2023. The agenda offers space after the lunch break for group reports and any questions, concerns, ideas and successes the groups would like to share. Please check in with your group and bring it to the [Regional Service Assembly](#).

Opportunity for Service

The position of Delegate will be transferred to Sunny J, who is currently our Alternate Delegate. This presents an opening for a member to participate in the region at the world level as our alternate delegate. The first Interim World Service Conference (IWSC) will be in April 2024. This conference will NOT have motions or the Conference Agenda Report (CAR) prior to the IWSC, which means less duration. An excellent way to be introduced to the World Service Conference (WSC) experience.

IWSC 2024

- Discuss Common Welfare Topics (CWT)
- World Pool Voting
- Approval of Recovery Literature and Conference Approval Track (CAT) material
- Reports committed/referred to by previous WSC
- Discussion and the possibility of writing motions to submit to the CAR for the 2025 WSC

The first World Service Conference our region attended was in 2016, with only a Delegate. Our region has been represented by a delegate and an alternate delegate since the 2018 WSC. As a member who has participated in 2018, 2021 & 2023 and served in both positions, the experience has been life-changing and recovery enhancing. I am grateful our region had the funding to send an alternate delegate, one is good but two are better. Sunny brought much support and wisdom. We made a great team and did our best to represent the group conscience of this region.

What does an Alternate Delegate do?
